Dr. Larry G. Stewart Dies at 55

Dr. Larry G. Stewart, 55, a professor of clinical psychology at Gallaudet University and a long-time advocate for the education and rehabilitation rights of Deaf children, died on Thanksgiving Day, November 26th, 1992 at The Washington Home Hospice. He had cancer of the liver.

A native of Gladewater, Texas, Dr. Stewart graduated from the Texas School for the Deaf in Austin. He graduated from Gallaudet College (now University) in 1957. He received his master's in rehabilitative counseling from the University of Missouri and eventually enrolled in the rehabilitation psychology program at the University of Arizona, Tucson, becoming the first Deaf person to receive a doctorate in that field in 1970.

Dr. Stewart later served as Superintendent of the Illinois School for the Deaf, then moved to Gallaudet University and became one of the key faculty members in the newly established clinical psychology program. Dr. Stewart had assumed an active and productive role in faculty governance and policy development.

Survivors include his wife, Maria Stewart of Greenbelt Maryland; two sons, Lamar Stewart of Anaheim Hills, California, and Lee Stewart of Tucson, Arizona; one granddaughter, Lauren, of Anaheim Hills; five brothers and one sister, all of Texas.

Arrangements for a memorial service at Gallaudet University are pending. In lieu of flowers, the family requests that expressions of sympathy be made through contributions to any of the following: the Gallaudet University Psychology Department Clinical Psychology Scholarship Fund in Dr. Stewart's name; the American Cancer Society; The Washington Home Hospice; and any reputable shelter for battered spouses, abused children and the homeless.

Student Employee of the Week

Erika Buck Continues Tradition at Albert Maas Co.

Erika Buck is the third ISD student to work at Albert G. Maas Co., a janitorial supply business located at the corner of Capital and McCarty Streets. Erika follows two students who enjoyed the job and were well liked by company owner Linda Lytle. Lytle explained she was a little apprehensive about hiring Erika because the job requires some heavy lifting and had always been done by a male student in previous years. However, Erika felt confident that she could do the job and Linda decided to give her a chance. The job responsibilities include filling orders for shipment, receiving and shelving stock, bottling and labeling cleaning agents, and a variety of maintenance duties. Erika has recently learned how to inventory stock in the warehouse. She can handle all requirements of the job and enjoys the busy pace.

Erika is always enthusiastic about her job, is punctual, and gets along well with her co-workers.

TDI Champions National Relay Numbers

Telecommunications for the Deaf Incorporated (TDI), publishers of the "GA-SK Newsletter", report that they are working with the Federal Communications Commission (FCC) to reserve the numbers 5-1-1 and 7-1-1 for nationwide relay service numbers.

At present each state has its own relay number (or numbers). Indiana's number is (800) 743-3333. Some states have two or even four different numbers.

TDI wants 5-1-1 reserved for voice initiated calls and 7-1-1 reserved for TTY initiated calls. Eliminating the need to remember many different numbers and bringing closer the ADA goal of equal access.

The FCC will make its decision based on legal documents filed and *letters received.* To help this important effort, send letters to:

Secretary Donna Searcy
FCC
1919 M Street NW
Washington, DC 20554

If writing, mention Docket 92-105, "Use of N-1-1 Codes" and *express support for making 5-1-1 and 7-1-1 reserved for relay service calls.* **Letters do make a difference.**

ISD Librarian & VIC Director Receive Kudos

Athletes of the Week - 10/26/92

Boys' Varsity -

Girls' Varsity -

Becky Fields. Becky was determined to play in spite of her knee injury which limited her to only a few games last season. She played almost the entire game vs Heritage Christian and made 7 points, 2 rebounds, and 3 steals, as well as numerous turnovers and blocks.

Boys' Intermediate "B" (previous week -Nov. 9-13)

Roger Edwards and **Johnny Mazurkiewicz** deserve recognition for their attendance and punctuality during tryouts. Both received no detention halls and were never late or absent from practice. The two exhibit good attitudes and motivation, they work hard and don't give up.
